3	Conducted by	<i>RRC,NSS,HEALTH CENTER AND DEPT OF ZOOLOGY</i>
4	No. of Students attended	30
5	Chief Guest	Dr K.srinivasa Rao, Principal
6	Convenor	B.R.K.Kishore, Lect in Zoology

The World AIDS Day commemoration continued with a vibrant and expressive painting competition on **November 22nd, 2023, from 12:00 pm to 1:30 pm**. The theme, "**Let Communities Lead**," served as an inspiring canvas for 32 talented student participants to visually convey their perspectives on community involvement in HIV/AIDS awareness and prevention.

Under the guidance of esteemed judges, B.R.K Kishore, Lecturer in Zoology, and G. Mani Kumar, Lecturer in Botany, the event flourished with creativity and artistic flair. Students translated their thoughts and emotions onto canvases, showcasing their interpretations of how communities can spearhead initiatives to combat HIV/AIDS.

The vibrant strokes and compelling narratives depicted in the paintings highlighted the diverse ways in which communities can take charge and make a difference in raising awareness and promoting preventive measures against HIV/AIDS.

Following a meticulous assessment of each artwork, the winners were announced:

First Prize: K. Nagendra Chari, III B.Sc (MPCS)

Second Prize: P. Nishal, I B.Com (CS)

Their paintings stood out for their artistic brilliance and profound representation of the theme, capturing the essence of community-driven efforts in tackling the challenges posed by HIV/AIDS.

The event not only showcased the artistic talents of the students but also served as a platform to convey powerful messages and stimulate discussions about the crucial role of communities in combating this global health issue.

The Red Ribbon Club, NSS, and the Department of Zoology extend their appreciation to all participants for their imaginative and thought-provoking artworks. These paintings added depth and resonance to the ongoing efforts to spread awareness about HIV/AIDS.

The success of this event further reinforces the commitment of the student community in

advocating for a future free from the impact of HIV/AIDS, where communities play an instrumental role in leading the way.

More activities and engagements are lined up, amplifying the momentum generated by these creative and impactful events
