6	Convener	1. Sri. G. MANI KUMAR Lect. In BOTANY 2. Sri D. Siva Phanindra NSS PO

On August 10th, 2023, Srimathi Gangineni Kalyani Government Degree College organized a plantation drive at the Government Primary Health Center situated in Enugupalem Village. This event was conducted in commemoration of Azaadi Ka Amrith Mahotsav, celebrating the spirit of freedom and environmental stewardship. The initiative was collaboration between the Eco Club and the National Service Scheme (NSS) of the college, aimed at promoting sustainability and green initiatives within the community.

The event witnessed the enthusiastic participation of various stakeholders, including Dr. K. Srinivasa Rao, Principal, Srimathi Gangineni Kalyani Government Degree College, Dr. Koteswara Rao, Doctor at the Government Primary Health Center, Sri G. Anjaiah, NSS Coordinator, G. Mani Kumar, Eco Club Coordinator and Botany Lecturer, V. Bala Yesu, Chemistry Lecturer and 70 students from Srimathi Gangineni Kalyani Government Degree College.

The plantation drive commenced with an inaugural address by Dr. K. Srinivasa Rao, emphasizing the importance of environmental conservation and community engagement. Subsequently, Dr. Koteswara Rao shed light on the significance of green spaces in promoting public health and well-being.

Under the guidance of G. Mani Kumar and V. Bala Yesu, participants actively planted 100 saplings on the hospital grounds. This hands-on activity provided students with practical experience in environmental stewardship while contributing to the beautification of the healthcare facility.

The plantation drive proved to be a resounding success, symbolizing the college's commitment to sustainability and community service. By planting saplings at the Government Primary

Health Center, the organizers aimed to create a lasting impact on the environment and promote a culture of environmental responsibility among students and the wider community.

The event concluded with a vote of thanks by Sri G. Anjaiah, acknowledging the contributions of all participants and encouraging continued efforts towards environmental conservation. Moving forward, Srimathi Gangineni Kalyani Government Degree College remains dedicated to organizing such initiatives that align with the principles of Azaadi Ka Amrith Mahotsav and foster a greener, healthier future for all.
